WINDES NAMED AS A BEST PLACES TO WORK

LONG BEACH, CA – August 23, 2018 – [Windes](#), a leading California accounting and advisory firm, has been named as one of the *2018 Best Places to Work* in Los Angeles and Orange Counties by the **Los Angeles Business Journal** and **Orange County Business Journal**, respectively.

These surveys and award programs are designed to identify, recognize, and honor the best employers in each county. There are three classifications based on number of employees. Windes is categorized as a medium-sized company.

Firms from across the counties participated in the two-part survey process to determine the best places to work. The first part consisted of evaluating each company's workplace policies, practices, philosophy, systems, and demographics. The second part consisted of an employee survey conducted by each journal to measure the employee experience. The combined scores determined the top firms and the final ranking.

“As I have expressed in the past, we owe these recognitions to everyone at our firm. Our employees are the ones who make the firm's environment

enjoyable, positive, supportive, team-oriented, collaborative, and fun,” says [John Di Carlo](#), managing partner of Windes. “We made the top-ten list in Orange County again for the second straight year coming in at number six. These well-deserved recognitions are a direct result of the strong, healthy culture we have maintained here at Windes. In both counties, we ranked as the top-ranking accounting firm where we have consistently been acknowledged year after year.”

About Windes

Windes is a leading audit, tax, and advisory firm for growth-oriented small and mid-sized privately held companies, nonprofit organizations, and high-net-worth individuals. Our approach uses tailored expertise to proactively inform decision-making so that our clients can maximize their business potential.
